SHRINERS DAY FOR THE BIG STATE FAIR

Salem Membership Is Making Preparations For Great Fair

Salem Shriners, numbering over 150, are making preparations for Shriners' day at the state fair, Saturday, October 2. To bring out a full representation of the Shriners in the city and adjacent territory, in which there are perhaps 300 members of the Myrtle Shrine, a meeting was called last evening at the Masonic Temple, which was well attended by the local members. Following the election of Dr. W. Carleton Smith as chairman, and G. P. Christie as secretary, plans were made for the entertainment of the visiting Shriners with their families. In order that the visitors might be properly taken care of, a committee on arrangements was appointed, consisting of Walter Smith, Dr. W. Carleton Smith and Dr. T. C. Smith. This committee will have the power to appoint all sub-committees and take general charge of the visitors and special features in the way of entertainment. During the Shriners' day, the headquarters for the visitors will be at the Masonic Temple.

In order to have everything in shape for the boys with the red fezzes, the following committees were appointed: Referees and entertainment, Dr. W. H. Smith, Hal D. Patton, Fred S. Lyon, Dr. H. H. Oliger and Dr. W. Carleton Smith; on autos and reception the following committee will act: Fred S. Erickson, E. Lafcoe, T. B. Kay, Ed Canatavey, Fred A. Legg, F. W. Steusloff, W. H. Stensloff, Lloyd Houser, J. A. Bernard, George W. Bingham, Wm. H. Burghardt, Jr., Dr. C. H. Robertson, Dr. W. B. Morse, Dr. W. H. Byrd, C. G. Davis, H. H. W. Vandervoort, J. P. Frizell, Z. J. Riggs, Jos. H. Albert and A. B. Hudeston.

For the entertainment of the ladies, the following have been appointed: Judge Geo. H. Burnett, Lot L. Pearce, A. E. Straub, H. B. Thielson, George W. Brown, Wm. Brown, Judge J. C. Moreland, P. E. Shafter, George Dunsford and P. K. Lovell.

There is a strong sentiment among the Shriners for a local organization, and to organize here what might be termed a Shriners' club. With a membership of 150 in the city and adjacent territory and double this number including some of the towns in the valley, it is thought a permanent organization can be effected. To bring this matter before the members in the city, a committee on permanent organization was appointed last evening, to report at the next meeting of the Shriners, Wednesday evening, September 22. This committee on permanent organization consists of H. B. Thielson, Judge L. T. Harris, Fred S. Ryan, Hal D. Patton and Judge C. L. McNary.

Deeds were placed on file yesterday showing conveyances by which J. P. Rogers becomes the owner of 3 lots in Ben Lomond Park, south Salem. This includes the Julius G. Voigt house on the hill just east of the new McKinley building, which was sold by Mr. Voigt to T. B. Kay last April, and a few days ago, conveyed to Mr. Rogers by Mr. Kay. To view from the house to the east is one of the finest in the city. The other lots in Ben Lomond Park were conveyed to Mr. Rogers by the Gorman-American Investment company and includes all the lots on the Lower Ben Lomond drive, except about eleven on the lower east slope of the hill.

To attend the first chapel for the coming school year, several of the trustees of the Willamette university from Portland are in the city today. Following the chapel and morning exercises a luncheon was given the visitors at the Marion hotel. Those present from Portland were: T. S. McDaniel, president of the board; Bishop R. J. Cooke, C. B. Moore, Dr. J. N. McDougal and A. C. Smith. Trustees present from Salem were Dr. B. L. Stoeves, vice-president; J. H. VanWinkle, secretary; Dr. M. C. Findley, R. J. Hendricks, A. A. Lee, Paul Wallace and the Rev. Carl Gregg Doney, president of the university. The meeting was more in the way of a social gathering and no business was transacted.

SLOW RESPONSE BY AMERICANS IN OLD MEXICO

No General Exodus From Mexico—Carranza May Be Recognized

Washington, Sept. 16.—The state department's latest warning to consuls and American citizens to quit northern Mexico is meeting with slow response, according to advices today. There is no general exodus. Mining companies in the rich territory of Mexico are reluctant to abandon their properties, apparently preferring to remain and "take a chance."

Consuls at Juarez and Nogales intend to remain unless the situation grows more dangerous, but Chihuahua, Torreon and other interior cities are being stripped of American citizens and officials. The warnings were regarded as foreshadowing recognition of Carranza, but officials insisted that they were intended for Carranzista territory as well as Villista. In this connection they cited the danger to Americans from remaining in the Brownsville outlawry zone.

ANARCHY IN NOGALES.
Nogales, Ariz., Sept. 16.—Anarchy reigns in Nogales, Sonora, today. Following the departure of the Villa garrison, which marched away to meet approaching Carranzistas, rioters took possession of the city. Six stores were looted by the mobs. One hundred Yaquis arrested 35 looters and then retreated to their stronghold, leaving the mob in partial possession of the city. A Chinaman, who attempted to resist the crowd was beaten fatally. Riot artillery firing heard early today indicated a battle is developing five miles from town.

NOT ENTIRELY 'SAFE AND SOUND'
Brownsville, Texas, Sept. 16.—Mexico's "safe and sound" Fourth of July celebration today developed a brush between United States soldiers and Mexicans at Fresno. Fifteen raiders there were fired upon by American soldiers this forenoon, driving them into the brush.

Three hundred citizens and soldiers are pursuing the bandits and are aided by a trail of blood from their wounded. The posse caught sight of the Mexicans near the pumping station where two Americans were tortured and murdered two weeks ago.

Rumors Unfounded.
San Antonio, Texas, Sept. 16.—Reports that 3,000 Mexicans had gathered on the outskirts of the town early today proved upon investigation to be unfounded. There was no trouble from Mexicans in the city as a result of the Mexican "fourth" and no need for armed preparedness.

Orders Are Enforced.
Laredo, Texas, Sept. 16.—Mexican soldiers at Nueva Laredo, Monterey and elsewhere today enforced orders to prevent any anti-American demonstrations.

C. E. Burnett Fined For Illegal Liquor Traffic

C. E. Burnett, proprietor of the Farmers' Cider & Vinegar Works, in North Salem, entered a plea of guilty to a charge of illegal liquor selling in police court this forenoon and was given a fine of \$75. Mr. Burnett, according to Officer Varney, who made the arrest, was carrying the liquor in a market basket well wrapped up in paper, and was caught by the officer in the act of disposing of it to a customer.

Mr. Burnett was arrested on a similar charge last winter when two boys entered his vinegar factory and bought some cider and after getting maudlin attempted to enter the place again and were reported and later captured by the police. Some samples of the cider were tested at that time but Burnett was acquitted by the jury.

Sterling Exchange Advances In Wall Street Today

(Copyright 1915 by the New York Evening Post.)
New York, Sept. 16.—With excited bidding at the close, making the market difficult to gauge, sterling exchange today advanced three cents, under continuously active trading, to \$4.69 1/2. This was ascribed to belief in success in the loan, and anticipation of the effect of its announcement on the sterling rate. The stock market hardly reflected any convictions, either about the loan negotiations or diplomatic negotiations. It was quiet, with only spasmodic activity in the few shares, chiefly "war stocks."

The final Salem Military band concert will be given Friday evening in the new band stand in Willson park. As this concert closes the season, the boys will appear in their Cherrion uniforms, and will give a program of what has proven to be the most popular selections played during the summer. In fact, it will be rather a request program, and only those pieces will be played that are requested. For this reason, and to be sure that the prize winners will be given, the public is requested to make known their preference by sending word to Mr. Graber at 141 North Liberty street, or phone to his home, phone No. 2051-B. Mrs. Hallie Parish Hinges will sing and arrange her program according to request. Those having preferences should phone early tomorrow morning, as the program will be made up by noon tomorrow.

C. C. Charman, editor of the Oregon Voter, published in Portland, is attending the land conference.

NEW SCHOOL YEAR FOR WILLAMETTE U.

Exercises Took Place This Morning In Chapel of Waller Hall

The opening exercises of the new school year were held this morning in the chapel of Waller hall, when the new president of Willamette university, Dr. Carl G. Doney, gave a short talk and introduced the members of the board of trustees who in turn gave a few words of wisdom to the assembled new and old students.

The first to speak was Mr. Hendricks, who stated that in his opinion he believed that Willamette was a great factor in the development of the city and that a closer relationship between the townspeople and the students would be a mutual benefit to both. Mr. Paul Wallace spoke for a few minutes, he stated that beyond a doubt the denominational school was the one in the future which would produce the men and women who would be the leaders in the great questions which will be up for consideration.

Dr. B. L. Stoeves in his talk enumerated a few of the things that would make a man's or woman's life, according as they are reared or disregarded, they were of moral character, don't overload do well what you are doing, a skilled mind, and good health.

At this stage of the program a group of the trustees from Portland arrived headed by T. S. McDaniel, the president of the board, whereupon Dr. Doney allowed Mr. McDaniel to preside as chairman of the day. With his customary manner he took the floor and in a short time had the entire student body laughing and applauding at his impromptu wit, he then introduced several members to the students, one being Bishop Cook, who gave an interesting talk on the opportunities that lie before the trained college man and woman of today, he urged the students to digest their studies as they would a beefsteak for they are to become a part of our bodies. "No man can succeed who at heart is a fake, the world itself is against him to start with."

Dr. Doney then was asked to speak and in a short time he gave forth the ideals of the college and what it should mean to the individual. One great criticism which people are wont to make of the college student is that they are a gay, free and careless bunch, but underneath all the levity and fun of the ordinary student there is a serious purpose that will later assert itself.

"Put a star in the sky to lead your life, inscribe it in the heart of all you are, the word service." That should be the ultimate goal of every student concluded Dr. Doney.

COURT HOUSE NEWS

An answer has been filed in the circuit court in the case of A. R. Richardson and Mary E. Richardson against M. M. Diehl and O. L. Diehl, her husband. It is alleged that the plaintiffs owned lots 1 and 2 in block 4, Friedman addition to Portland, and that the defendants owned land in Polk county. Further that the plaintiffs traded the lots in Portland for that part of the defendants farm lying south of the Vernalis road in Polk county and it is denied that any reference was made to the acreage at the time the deal was consummated but simply the lots were traded for the block of land. McNary & McNary are attorneys for the defendants.

A marriage license was issued today in the office of the county clerk. Walter B. Kennedy, a painter and decorator of this city, and Hazel Irene Johnson, also of Salem.

The county court yesterday appointed Senator Alex LaFollette as representative of this county at the Oregon-California Land Grant conference to be held in place of R. P. Boise, who resigned. Mr. LaFollette was recommended by the taxpayers league.

County Clerk Max Gehlhar today received a check from Walter L. Toose, Jr., of Dallas, in settlement of the claim of the county for filing fees in cases filed and for watch payment upon the check originally given had been stopped. The check was accompanied by a letter from Mr. Toose in which the difficulties were explained and the wish was expressed that the past amicable relations between the parties concerned might be resumed.

Alfred W. Bigelow, a Salem farmer, and Gertrude W. Sanders, also of Salem, secured a marriage license today at the office of the county clerk. Chester A. Lyon, of Lebanon, a social settlement worker, and Catherine Moritz, a school teacher of Jefferson, likewise secured a matrimonial permit.

An inventory and appraisal in the estate of Mary A. Childers, deceased, was filed today in the probate court of this county. The appraisal lists the estate at \$500 and consists of one bond in the American Realty company, Lloyd T. Rigdon, M. S. Lampert and R. F. Richardson were appraisers.

Soudan grass, which seems to be a cross between millet and cane, is attracting the attention of many farmers, not only on account of it being a fine feed for cattle, but also from the fact that it seems to thrive especially in this valley. Three crops may be cut each in the summer season when green food is needed for the cattle. R. D. Halsey, of Morningside, has on display at the Peets Furniture store samples of the Soudan grass that measures six feet. This sample along with other cuttings will be exhibited at the state fair.

SUMMER'S DYING BLAST.
Washington, Sept. 16.—Summer's last blast was dying today. After withering the east and central west this week, the belated heat wave was reported by the weather bureau as the hardest hit at 8 o'clock today, but the mercury only touched 80 then. New York City and the Atlantic states, the Ohio valley and the lower lakes region were cooler.
